

BLOOMER

Wisconsin

2023-24

www.bloomerchamber.com

Small Town Americana

Bloomer offers the best of small town Americana. Our city is large enough to offer a variety of restaurants and stores, an aquatic center, hospital, medical clinics, nursing homes, public and private schools, yet small enough to have safe neighborhoods, clean air and water, and quiet summer evenings.

Bloomer Telephone
is your best choice
for residential and business fiber internet, television, and phone!

The one-stop local shop for all your entertainment and communication needs.
Proudly serving Bloomer and surrounding areas.

715-568-4830 | Bloomer.net

Bloomer is the hub of a large agricultural area, and is a gateway city serving residents and visitors to the Blue Diamond recreation area to the north. Its ready access off of Hwy 53 makes it a great place to stop and stretch your legs, and enjoy a meal or picnic with your family.

Lake Como in the center of town offers a swimming beach and fishing. There are six city parks, a walking trail, and an 18-hole golf course, as well as ATV and snowmobile trails.

Bloomer is famous for its annual speed rope jump competition, and it offers a well-attended community fair and parade in August.

Bloomer is located in Chippewa County, Wisconsin, off state Highway 53, 25 miles north of Interstate 94. Visit us in person, or tour the highlights of Bloomer on the Chamber of Commerce website: www.bloomerchamber.com.

Heritage

Imagine yourself back in 1848. The United States gave birth to a new state: Wisconsin! Settlers moved west to start new lives. Logging became king of the region as the leading industry. Careful negotiations with native tribes of Ojibwa and Dakota and other Indian agents allowed for logging activity along the Red Cedar and Chippewa Rivers on the current site of the City of Bloomer under the authority of the native territorial governments.

At this same time, a wealthy timber merchant named Bloomer came through the area scouting for a desirable location for a mill. The entire area from Bloomer to the near Lake Wissota became a milling location for logging. The Wissota dam resulted 75 years later due to industry growth. It is not known if Mr. Bloomer actually lived in the community, but the town bears his name as a reminder of his impact on the lush prairie land, also called Bloomer Prairie.

Sylvester Van Loon

William Priddy

Later, in 1855, Sylvester Van Loon and William Priddy, originally from New York, came north from their homes in Sauk County, Wisconsin, to homestead. As settlers in a large sawmill town of Chippewa Falls, they selected land near Duncan Creek, and acquired most of the land which would eventually become the City

of Bloomer.

Van Loon brought his wife and children to the first log home in Bloomer. His home, built where the Main Street Café now stands, withstood a harsh Wisconsin winter. Priddy, a minister, built a two-story frame house using the upper floor of the home for church services. The house and upstairs chapel were used for over 100 years. The Priddy home also served as the City Hall for a time. Later, the home was torn down to make way for a new Post Office, which still stands today.

Van Loon became the first postmaster in Wisconsin in 1856, in a small settlement of Vanville, Wisconsin. Vanville became part of the Bloomer Prairie township after separating from the Chippewa Falls township in 1858. Years went by with Vanville platted as the Village of Vanville. Sometime between 1867 and 1877, Vanville changed its name to Bloomer. The village incorporated in 1885, and the name of Bloomer became official.

Permanent settlers began to build the community along Duncan Creek. A dam brought an active sawmill, gristmill, newspaper, banks, churches, stores, and farms to the area. Railroads soon followed as the businesses established permanent roots.

The Bloomer Historical Society maintains a museum in town. See page 21 in this book for more information on the museum. A number of historical books are available, including "A Jump Into the Past" by local author Tina Susedik, "Bloomer Centennial, History and Program," and "History of Bloomer," a reprint of the 1925 school class project.

Events 2023

Abe Skaw, D.C.

Chiropractic care is frequently used to treat pain and injuries such as:

- ✓ Back and Neck pain
- ✓ Nerve Pain
- ✓ Headaches
- ✓ Strains and Sprains (including whiplash)
- ✓ Other disorders affecting joints
- ✓ Sports Injuries
- ✓ Arthritis and other chronic conditions

In addition to treating your injury, our team can assess any underlying conditions and help prevent further damage. Our goal is to assist you in finding relief and improving your function, as well as your overall health and well-being!

Parks

A successful community provides places for residents and visitors to meet for fun, recreation and spending time with friends and family. It also provides opportunities to learn new skills and seek new information. Bloomer's many parks and public institutions help make it a successful community.

North Park

This 10-acre multi-purpose city-owned park is located at the northwest end of the city. Duncan Creek/Lake Como forms the western boundary of the park. Facilities include a large open pavilion with electric outlets and picnic tables, three smaller picnic tables and a smaller open pavilion. All have grills nearby. A playground, ballpark with backstop, paved and fenced basketball and tennis court, a double sandlot volleyball court, and a handicap accessible fishing dock with kayak launch are available. Playground equipment, adult exercise equipment, restrooms, picnic tables and walkways are handicap accessible. A round pavilion built in 1998 has a stage on one side to provide for plays, concerts and outdoor church services. An abandoned bald eagle's nest is on display for visitors to view. In the winter, holiday decorations are put up through a city/business partnership and turned on for a beautiful holiday drive.

Willis Park

This half-acre park is the heart of the city along Duncan Creek and has picnic tables and playground equipment. Often referred to as "the duck park", visitors can often see and feed ducks swimming on the creek.

Witt Park

This 4-acre park further south along Duncan creek has a picnic area, new pavilion, and nature walk, along with a new playground area.

Armor Park This small park is tucked behind the dam. This secluded spot offers picnic tables, a place to relax or do some fishing.

Freeway Drive Park/Playground

This one-quarter acre neighborhood playground is west of the hospital on Freeway Drive. It has two sheltered picnic tables, swings, a climber, a buck-about, two diggers, two bouncers, a slide and a sandbox.

Westbrook Park

This 1.5 acre park is located in the southwest part of the city in the Westbrook subdivision. Sheltered picnic tables, swings, critter climber, buck-a-bout and a ring trapeze are available.

Community Walking Park & Outdoor Learning

This new project started by the Bloomer Woman's Club and supported by various civic and private groups as well as the schools, consists of a butterfly garden with flower beds, benches and picnic tables. The 1,050 foot rainwater drainage ditch has three small bridges. The water empties into Eaglet Creek, and then Duncan Creek. A 30-foot bridge crosses Eaglet Creek to access a 6-acre prairie. Over 1,500 feet of walking trails lead to two learning stations, one in the prairie and one near Duncan Creek.

Bloomer Aquatic Center

We Offer

Library

The G.E. Bleskacek Family Memorial Bloomer Public Library is located at 1519 17th Avenue. The library's mission is to provide resources and services that inspire people to explore, learn and connect. During the past year more than 3,000 people (of all ages) participated in the 70+ free programs and activities offered by the library. The library offers story time sessions for young children, weekly afterschool programs for students, along with a variety of other programs and activities for teens and adults.

The Bloomer Library has a collection of over 20,000 Books, DVDs, Audiobooks, Magazines, and Music CDs. As a member of IFLS Library System, the library provides access to over 150,000 eBooks and eAudiobooks and over 1.4 million items from more than 50 public libraries in our system area.

A world of resources is available to the community, including: downloadable media like e-books, e-magazines, e-audiobooks; online learning and research resources; as well as borrowing materials from outside the library system including colleges and universities across the country.

The library offers free Wi-Fi connectivity, access to six internet computers, five hotspots available for check-out, along with printing, copying, scanning and faxing services. In 2022, the library digitized *The Bloomer Workman* and *The Bloomer Advance* microfilm reels which are now searchable from the library's website. Library cards are free to anyone with valid

ID and proof of address. Children can get their own library cards with parent/guardian permission. Visit the library's website at bloomerpubliclibrary.org or stop by the library to find out all the ways you can explore, learn and connect.

The advertisement features the logo for Intentional Journeys LLC, which includes a globe and the tagline "LET THE ADVENTURE BEGIN!". Below the logo are three polaroid-style photos showing people in various outdoor settings. The contact information for Stephanie Homann is provided, including a phone number and website. At the bottom, there are logos for Honeyhorns & Hobbies, asta, and a circular logo for "Taking a Different View of the World".

The Bloomer Museum Bi-Centennial House, 2200 South Main St., holds countless treasures from the Bloomer area's past. Designed and built by students in a high school construction class in 1976 to celebrate our nation's 200th anniversary of the signing of the Declaration of Independence, the Bi-Centennial House is operated by the Bloomer Historical Society. The society's purpose and intent is to collect and store written histories of events, buildings, individuals and families and further provide for storage and display of artifacts of historical interest. The collection includes items from the 19th century through today. Visitors can examine amateur and professional photographs, farm tools, kitchen items, vintage clothing, antique dishes, Bloomer advertising pieces, past copies of the city's newspaper The Bloomer Advance, a complete blacksmith shop, military memorabilia, the old Chippewa County scale, and several other items. The Bi-Centennial House Museum is open by appointment only. Please call 715-568-2399 for appointments.

Veterans Memorial

The Bloomer Veterans Memorial is located off of Hwy 40 on the north side of town, by the Bloomer Middle School.

A Brief History of the Memorial

**April 2004 - Initial organizational meeting of Bloomer Memorial Committee.

**July 2004 - Memorial property donated by Tom and Sue Bleskacek.

**October 2005 - Construction begins with ground breaking.

**November 2005 - Flag poles installed and retaining wall built.

**July 2006 - Cement pads for tables and benches constructed.

**2007 - POW Monuments established and in place.

**October 2007 - Pavers and surrounding stone floor were laid.

**January 2008 - Black tablets listing area veterans were delivered and set into place.

**May 2008 - Bell tower was constructed.

**July 5, 2008 - The Community of Bloomer

held the dedication for the Bloomer Veterans Memorial.

**May 2023 - Addition of Martin Treptow Memorial and Purple Heart Memorial.

How to Donate

Funding for this memorial came through efforts of various businesses, individuals and organizations. Money was raised

through food stands, sale of magnetic ribbons, raffles, motor cycle rides, and donations. The main fundraising push

came with the sale of flag poles, benches and pavers. As the memorial lives on,

future funds will be generated through the continued sale of engraved pavers.

The 6"x6" engraved pavers cost \$250. The 12"x12" engraved pavers cost \$500.

Engraving on the pavers should pay tribute to a veteran or present a patriotic message.

Individuals wishing to purchase a paver may do so by contacting the Bloomer Community Visitors Center at 715-568-3339.

Schools

The School District of Bloomer serves rural, residential, and farm communities across the Chippewa and Dunn County area. The community has three major public schools. Bloomer High School is centrally located on the south end of Bloomer just off Hwy 40 and 53. Bloomer Middle

and Elementary Schools are located to the north central area of the city off of Hwy 40 near the business district.

The Bloomer Board of Education is proud of the quality curriculum offerings, exceptional staff and strong athletic teams supported by the community. Among other things, the community supports a vibrant summer school program open to all youth of the area. The summer program includes creative, artistic, physical, and remedial opportunities. The district also supports all area youth activities in collaboration with Bloomer City officials.

The School District of Bloomer is committed to excellence by challenging and empowering all students to achieve their potential as life-long learners in an ever-changing global society. The District focuses on the development of character as well as academics in order to prepare youth through service to others for the betterment of society.

In addition to the Bloomer Public Schools, there are several small private schools located in the community. These schools include St. Paul's Catholic, and St. Paul Lutheran, as well as Sunny Meadow Amish School located north of Bloomer.

Learn more today about the Bloomer Public Schools by checking out current events as well as the school district on the web at <http://www.bloomer.k12.wi.us>.

Lake Como

Como Lake, also known as the Bloomer Pond, is a 98 acre lake located in the heart of Bloomer in Chippewa County. It has a maximum depth of 11 feet. Visitors have access to the lake from a public boat landing. There are also two handicap accessible fishing docks on the lake, one on Duncan Road/CTH Q and one at the North Park. Fish include Panfish, Largemouth Bass and Northern Pike.

During the summer, in addition to fishing, the lake offers swimming at the city beach. Kayak, canoe and pontoon boat owners also

enjoy exploring the lake. In addition to the boat landing off of Vine St., there is a kayak launch on the new fishing dock at the North Park off of Ninth Ave.

Bloomer also boasts a lake association who's purpose is to maintain and enhance the appearance and function of the lake. The Bloomer Lake Association owns and operates a weed harvester to help keep

down the weeds in the lake. The harvester cuts off the weeds about three feet below the surface of the lake to make it nicer for boating and other recreational uses while still maintaining a healthy habitat for the fish.

In the winter, ice fishermen enjoy fishing on the lake and the Northern Wisconsin Ice Race Club holds ice races on the lake each year, weather permitting.

Facts & Figures

Name: Como Lake (Bloomer Mill Pond)
Waterbody ID (WBIC): 2152100
Area: 98 ACRES
Maximum Depth: 11 feet
Bottom: 80% sand, 10% gravel,
10% rock, 0% muck
Waterbody Type: flowage
Hydrologic Lake Type: DRAINAGE
County: Chippewa
Region: WC
Latitude,
Longitude: 45.107630, -91.504840

For more information about Lake Como a contour map can be found at <https://dnrx.wisconsin.gov/swims/downloadDocument.do?id=29816669> and an interactive map of the lake can be found at https://dnrmaps.wi.gov/H5/?viewer=SWDV&runWorkflow=search¶m=LAKE,WATERBODY_WBIC,2152100. Note that the new fishing dock at North Park does not show on the DNR maps as of this writing.

Industry

From our diversified industrial park to our commitment to grow our community, Bloomer means business. The City of Bloomer has a population of 3,495, located within Chippewa County, which has a population of 62,600.

Throughout the year outdoor enthusiasts enjoy all that Lake Como has to offer. Local medical facilities provide outstanding care and service. The local school district is top notch and post-secondary educational institutions are within 30 miles of the City of Bloomer.

Contact the city by phone at 715-568-3032 or visit their website at www.ci.bloomer.wi.us.

A-1 Excavating began operations in 1972. Today the company offers street construction, excavation, road grading, and water and sewer utility services. In addition, A-1 offers hired trucking and heavy hauling services. A-1 Excavating currently has over 200 employees.

A.J. Manufacturing, Inc. is an innovative manufacturer of doors and windows for use in Post Frame Buildings, Commercial Air Handling Units, Air Supported Structures, and Residential home improvement retail centers. Operating from four facilities in Bloomer, A.J. Manufacturing is the leader in product quality, performance, and value in the markets it serves. A reputation for developing unique

solutions for its customers, the highly cross trained employees produce finished goods for shipment in North America and Internationally. Mass customization, on-time delivery, and customer focus define the success of A.J. Manufacturing, Inc.

All-Ways Transit, Inc. is a family-owned and operated OTR trucking company incorporated in 1990. We offer reliable coast to coast transit in combination with quality service that will surpass customer expectations. All-Ways Transit believes that your transportation needs are essential to its success and as a result assuring customer satisfaction is job number one. The company's fleet currently consists of 31 tractors; a mix of both Peterbilt and Volvo. Each truck is individually tailored to represent our customers with both style and class. Our loyal truck driving professionals do their best to assure our customer's freight hauling needs are carried out using only the highest level of service possible. They attain this by handling freight with the utmost of care, respect, and by practicing superior safety measures. All-Ways hauls dry van, flatbed, step-deck, and oversize loads.

Bloomer Machine and Fabrication is a job shop that supplies custom and production parts to original equipment manufacturers. Since 1997 they have been serving manufacturers across the nation with quality parts from locally purchased materials.

Bloomer Telephone Company has been serving the city of Bloomer since 1901. Today residential and business customers receive telephone, Internet, and television services over a state of the art fiber optic network. All customers have access to a full Gigabit (1000 Megabits) of symmetrical internet speed. The company has continued to extend its fiber optic network. In 2019 fiber optics

Bloomer Truck Repair - Complete semi-truck and trailer repair. Warehousing facility available. Semi-trailer rentals.

Catalytic Combustion Corporation

was founded in 1950 by individuals who recognized the need for air pollution control and catalyst technology. They introduced cutting-edge technology with the development of the first ever U.S. patented catalyst to destroy volatile organic compounds (VOCs). Catalytic Combustion has a diversified base with the following divisions: Catalyst, Engine Catalyst, Power Generation, Exhaust, Air Correction, Finishing Products and Metal Fabrication. Our catalyst products use patented technology to reduce the output of volatile organic compounds (VOCs) that are harmful to the environment and its inhabitants. Catalytic provides products to industries like food service, consumer appliances, non-automotive engines, power generation, gas compression, production painting and printing, pharmaceutical, chemical processing and a wide range of other manufacturing applications. The entire company is supported by a multi-disciplined engineering staff and a 24/7 oxidizer and air pollution control service department.

Industry

Charter NEXT Generation (CNG) -

Bloomer, WI, Inc. is a leading domestic and international engineered films producer for high performance industrial, medical, automotive, and consumer market segments, to mention a few. The company excels in the design of cast embossed film structures and laminations for the most demanding applications. The Bloomer location was acquired by Charter NEX Films in December 2015, which now has a total of six locations as follows: Superior, Milton, and Rhinelander, WI, Delaware, OH, and Turns Falls, MA. CNG is a North American leader in engineering, extruding, and manufacturing superior-quality monolayer, coextruded and barrier films for flexible packaging applications. The other five locations produce blown film products that are ideal for industries such as consumer goods, food and beverage, food service, industrial, lawn and garden, medical, and pet food.

Glass Insulators, Inc. is a leader in the manufacturing of insulating glass units for both residential and commercial window and door manufacturers. Our units are Energy Star qualified through IGCC certification and we focus on providing our customers with quality products and industry leaving service and lead times.

Industry

GVS Filtration provides a unique competitive advantage to our customers around the world. Our team of dedicated employees and top quality suppliers are able to serve our customers more effectively and efficiently in their unique markets. With a global footprint and a global customer base, GVS Filtration offers dependability and reliability beyond OE specifications and customer requirements.

Our product line includes a full range of filters and components for a wide variety of markets and applications including air filtration and liquid filtration.

GVS Filtration is proud to say Bloomer is a place to call home!

Holzem Machine is a family owned job shop/machine shop. Business hours 9 a.m. to 5 p.m. Monday through Friday.

Identity Ag Processing supplies the world with a variety of food commodities that are clean and safe, with genetic integrity

and organic certification. Food safety is our primary focus. From preservation of food integrity to high-tech processing of diversified food lines, we are determined to deliver uncompromised product quality for the food market. Our knowledgeable and experienced staff understands the processing chain that commodities endure, from growers to logistics to delivery. That's why you know the food you get from the Identity Ag Processing has to be the world's best.

PMI, LLC is a fully integrated steel fabrication facility that pulls cost from the steel fabrication supply chain by utilizing mill direct pricing on material acquisition, eliminating the added cost of steel service center operations, producing parts through state of the art automation and delivering high quality value-added parts to our customers on time.

Located in Bloomer, WI, PMI stamps metal parts and is a metal service center. PMI offers steel blanking, slitting, metal stamping, laser cutting, turret/punch fabrication, robotic welding and part assembly. Among those products we specialize in are metal parts for the appliance industry, home improvement industry, along with components for freezers, fire extinguisher enclosures, air compressors, generators, office furniture, and steel entry doors.
